

# Empowering you to build healthier communities

Tailored strategy, practical innovation and rich expertise for organizations looking to advance equity and improve outcomes in healthcare and housing.

## About Us

- **Women and Minority Owned**
- A collaborative brain trust of independent consultants delivering innovative solutions that are grounded in our own lived and real-world experiences

## Our TA Marketplace Services

- Practice transformation and care model design
- Readiness assessments
- Performance improvement
- Contracting support
- Claims and risk adjustment
- Learning collaboratives and training
- Processes, tools, and technology solutions for screening, referrals and data analysis of health-related social needs

## Why Should You Work With Us

We partner with our clients to create and implement practical solutions.

Our team translates **housing and healthcare** policy and strategy into operations to create sustainable and scalable change.

Team members include seasoned executives (former COOs and EVPs), practicing physicians, and program directors who have worked for government agencies, social service organizations, provider organizations, FQHCs, and hospitals.
